## NOTICE OF RATE INCREASE

The Fayette Water Supply Corporation (“FWSC”) Board of Directors held a public meeting on December 16, 2019 and voted to increase the monthly rates for water service for all members. FWSC faces considerable financial challenges due to the costs of maintaining our aging infrastructure, the costs of compliance with state regulatory authorities, and the costs of ensuring a dependable supply of water to meeting existing demands. As a consequence, expenses have exceeded income for the past few years. While the rate increases authorized by the Board of Directors in 2018 and 2019 have helped offset some of the shortfall, FWSC must still do more to address the shortfall. Therefore, the Board has determined it necessary to implement another rate increase, to be effective March 2020 Billing.

The FWCS Board of Directors recognizes the difficulties that this new rate may have on your household. However, we believe it necessary to ensure that we can continue to maintain and sustain the water resources upon which you rely.

The breakdown of this rate increase is explained below:
